

Service goes digital – with the *AGTOS* Service App

- Blast machines
- Second-hand machines
- Conveyor systems
- Service and spare parts

Quick support in case of need for service

With the *AGTOS* Service App you get fast and reliable support – directly from a qualified member of our service team.

Advice, support, solutions – fast and digital.

Your advantages:

→ Fast reaction time

By means of live audio and video transmission, the **AGTOS** service staff can support you effectively in the shortest possible time without having to be directly on site.

→ Comprehensive support

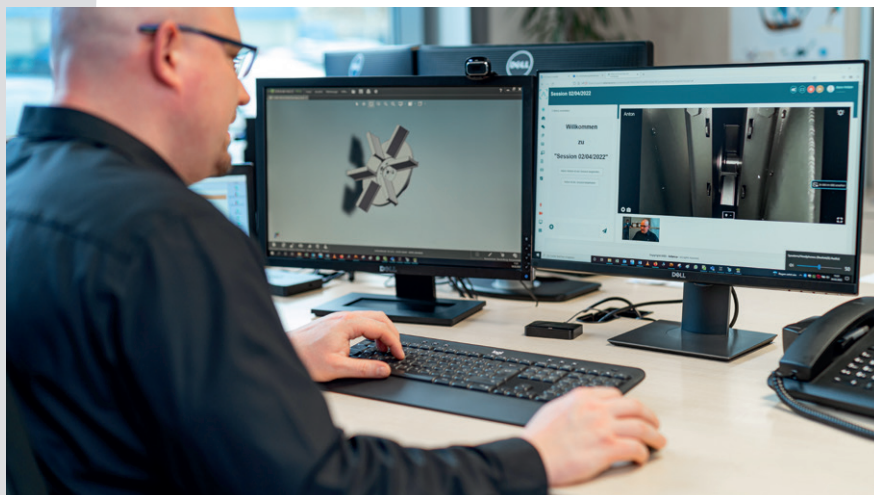

Thanks to the fast service deployment, we can jointly ensure your system availability and productivity.

→ Transparent documentation

The documentation function ensures the traceability of the services provided and thus enables a continuous improvement process.

→ Smooth communication

Text and voice messages between you and the **AGTOS** service staff can be immediately translated into several languages.

It's that simple:

1. You download the **AGTOS** Service App free of charge from the Apple or Google App Store.
2. If you need support for your installation, contact the **AGTOS** Service by phone and give them the session ID that is shown to you in the app.
3. The **AGTOS** service employee receives access to the video transmission with your session ID and can thus support you directly and simultaneously.

Any questions?

If you have any questions, please contact the **AGTOS** Service team:
